

- English Language Proficiency as specified for the Practical Nursing or Access to Practical Nursing programs: <https://www.vcc.ca/applying/registration-services/english-language-proficiency-requirements/health-sciences/practical-nursingaccess-to-practical-nursing/>

Internationally Trained Nurses:

- Students with transcripts from outside of Canada may be required to submit a comprehensive evaluation form from an educational credential assessment service provider (<https://www.canada.ca/en/immigration-refugees-citizenship/corporate/partners-service-providers/immigrant-serving-organizations/best-practices/foreign-educational-credential-assessment.html>).

Upon Acceptance into the program:

- Criminal Record Check (CRC):**
Students in the program are required to complete a CRC. The CRC must be completed according to VCC's Criminal Record Check instructions (<https://www.vcc.ca/crc/>). Students whose CRC results indicate they pose a risk to vulnerable populations will not be able to complete the requirements of the program (e.g. practicums) or graduate.
- Current CPR Level C (CPR):**
CPR Level C includes the following:
 - Adult/Child/Baby CPR – one rescuer
 - Adult/Child CPR – two rescuer
 - Adult/Child/Baby – choking

CPR certificates other than CPR Level C must be accompanied by documentation indicating the certificate includes the above. Please note that in Health Care your CPR expires one year from the date of issue. Current status is required for all clinical and practicum experiences.
- TB skin test:**
Submission of a recent negative TB skin test. If the skin test is positive, proof of a negative TB chest x-ray is required.
- Immunization Record:**
VCC School of Health Sciences Immunization Record (<https://www.vcc.ca/media/vancouver-community-college/content-assets/documents/programs/VCC-Student-Immunization-Record.pdf>) must be completed.

The following immunizations are strongly recommended and in some cases may be required for clinical placements:

- Diphtheria/Tetanus/Pertussis
- Polio
- Measles, Mumps & Rubella
- Varicella (Chicken pox)
- Hepatitis B
- Influenza
- COVID-19

Clinical facilities may decline individual students for their placement if a student is unable to provide proof of immunizations or satisfactory serum titers and TB screening.

- N95 mask:**

Regulations stipulate that a properly fitted respiratory mask must be used when providing care to patients with suspected, known, or probable cases of acute respiratory infections. The respiratory mask must be a N95 respirator that is individually fitted by a trained and certified person. This individual mask fitting should be done just prior to beginning your program and is good for one year and must be performed annually. The original certificate must be presented to your program during the first week of classes.

Evaluation of Student Learning

Students' progress in the classroom, nursing lab and clinical setting will be evaluated. Theoretical concepts may be evaluated through multiple choice exams, case studies and written assignments. Assessment of clinical practice will be based on mid-term and final evaluations.

The passing grade for all courses is 68% with exception of Pharmacology Theory at 80% and Math at 100%; and Integrated Nursing Practice theory at 75% and all practical components Satisfactory (S).

If a student fails a course, there is an opportunity to write a comprehensive supplemental exam for a passing grade of 68%. **Students are eligible to write one supplemental exam per level (term) if they are within 4% of the passing grade (i.e. if the passing grade is 68% then failing grades between 64-67% are eligible to write a supplemental). No supplemental exam is allowed for a grade of lower than 64%.**

If a course is not completed satisfactorily, a student may apply to repeat the course the next time it is offered, providing there is space available and the Department Head's approval is granted. Prior to returning, the student may be required by the PN Progressions Committee to complete and successfully pass one of the Success in Practical Nursing courses.

If a student is transferring into the PN program from another institution, the student will be required to complete and successfully pass one of the Success in Practical Nursing courses.

In the Practical Nursing Diploma program, a student may repeat only one course throughout the entire program. If a student fails two courses, they will need to exit the program. If there are extenuating circumstances, a nursing student may appeal to have this policy waived to allow for a second registration.

Note: All of the above is monitored by the Practical Nursing Department.

Prior Learning Assessment and Recognition (PLAR)

Prior learning assessment and recognition is not available for this program.

Transcript of Achievement

The evaluation of learning outcomes for each student is prepared by the instructor and reported to the Student Records Department at the completion of semesters.

The transcript typically shows a letter grade for each course. The grade point equivalent for a course is obtained from letter grades as follows:

Grading Standard

Grade	Percentage	Description	Grade Point Equivalency
A+	90-100		4.33
A	85-89		4.00
A-	80-84		3.67
B+	76-79		3.33
B	72-75		3.00
B-	68-71	Minimum Pass 68%	2.67
C+	64-67		2.33
C	60-63		2.00
C-	55-59		1.67
D	50-54		1.00
F	0-49		0.00

S	Satisfactory - student has met and mastered a clearly defined body of skills and performances to require standards	N/A
U	Unsatisfactory - student has not met and mastered a clearly defined body of skills and performances to required standards	N/A
I	Incomplete	N/A
IP	Course in Progress	N/A
W	Withdrawal

R	Audit. No Credit	N/A
EX	Exempt. Credit Granted	N/A
TC	Transfer Credit	N/A

Grade Point Average (GPA)

- The course grade points shall be calculated as the product of the course credit value and the grade value.
- The GPA shall be calculated by dividing the total number of achieved course grade points by the total number of assigned course credit values. This cumulative GPA shall be determined and stated on the Transcript at the end of each Program level or semester.
- Grades shall be assigned to repeated courses in the same manner as courses taken only once. For the purpose of GPA calculation of grades for repeated courses, they will be included in the calculation of the cumulative GPA.
